Re: Final Remedial Investigation Report  
South Cavalcade Street Site

Dear Ms. Craig:

The U. S. Environmental Protection Agency (EPA) received on August 1, 1988, the final Remedial Investigation report for the South Cavalcade Street site. The report complies with EPA's requirements for remedial investigations and fully responds to the series of comments which EPA has mailed to you. Therefore, EPA is by this letter accepting the report.

Sincerely yours,

Larry D. Wright  
Chief, Superfund Enforcement Section (6H-EE)
